

# OPVC BOYS CLUB TRYOUT PROCEDURES AND TEAM RESULTS INFORMATION

We encourage all players to pre-register for tryouts online. The cost is \$45 (all players will get a tryout shirt that they can keep). We will accept walk-ins but the cost will be \$50 for walk-ins.

All **11U-13U players** will receive an email to the address communicated on their try-out forms to notify them of their try-out results. This will be communicated no later than Saturday, Sept. 9 at noon. If you do not receive an email by Saturday, Sept. 9 at noon, please reach out to Michael Berkemeier, [mike@ohiopremiervc.com](mailto:mike@ohiopremiervc.com).

Players will have 48 hours to make a decision before their spot is available to the next best available player. 11U-13U players have until Monday, Sept. 11 at noon to accept or decline the offer.

All **14U-18 players** will receive an email to the address communicated on their try-out forms to notify them of their try-out results. This will be communicated no later than Monday, Sept. 11 at noon. If you do not receive an email by Monday, Sept. 11 at noon, please reach out to Michael Berkemeier, [mike@ohiopremiervc.com](mailto:mike@ohiopremiervc.com).

Players will have 48 hours to make a decision before their spot is available to the next best available player. 14U-18 players have until Wednesday, Sept. 13 at noon to accept or decline the offer.

We will have a tab on our website that will read "Boys Tryouts Results" where players can accept or decline a position on a team.

Players who **do not initially make a team** will be ranked and placed on our alternates list. Last year, we had many alternates eventually make a team. Please be patient as players accept or decline offers and teams are filled. Communication will continue to happen so parents/players know the status of our teams. There will be movement so if you want to play for Ohio Premier we highly encourage you to be patient with the process as we will move alternates up. But if you accept a position at another club you are committed to play at that club.

For all **15U-18U teams**, following the OHSAA guidelines, there is a maximum of three players per school per team. This means there are times when better players cannot be put on better teams because that team already has three players from their school. This also affects our alternates offers as well.

Ohio Premier Volleyball Club is only registering with **AAU** this year so an OVR/USAV membership is not required this season. All players will only need an AAU membership to be rostered with OPVC. Players do not need an AAU membership to attend our tryouts. Once a player accepts on a team they will receive information about purchasing an AAU membership.

Once a player accepts a position on one of our teams they will receive information about paying club fees and also ordering what they need in the uniform package. We are using the same uniforms we did last year except we are getting a new warm-up and our National Purple teams for 14U and up will be purchasing an additional uniform set.
